Description:

Seminar “**eTwinning projects in preschool environment**” is planned for preschool teachers, who are looking forward to an opportunity to improve quality of planning and organizing active learning activities using cooperation and ICT tools across different subject areas. Seminar will consist of two parts – first teachers will have the possibility to do some job-shadowing in **in Priekuli kindergarten Mežmalina** and to find out more about Latvian education system. Teachers will also be introduced with successful Latvian eTwinning projects. During the second part of this seminar teachers will plan their own project and will get acquainted with TwinSpace environment and its possibilities. Moreover teachers will get to practise with eTwinning Live. Teacher will learn different ICT tools for content creation and collaboration.
