

eTwinning contact seminar

“Language teaching and learning through eTwinning”

Belgrade, 28-30 November 2019

The aim of this seminar is to provide an opportunity for teachers from different countries to learn and discuss about language teaching and learning through eTwinning projects. Through networking and group work sessions the teachers will have an opportunity to create ideas for projects that they will subsequently implement in their work. Furthermore, the teachers will have an opportunity to find partners for KA1/KA2 projects.
